**Note 1. Description of Business**

*Business Overview*

Applied Optoelectronics, Inc. ("AOI" or the "Company") is a Delaware corporation. The Company is a leading, vertically integrated provider of fiber-optic networking products, primarily for four networking end-markets: internet data center, cable television ("CATV"), telecommunications ("telecom") and fiber-to-the-home ("FTTH"). The Company designs and manufactures a wide range of optical communications products at varying levels of integration, from components, subassemblies and modules to complete turn-key equipment.

The Company has manufacturing and research and development facilities located in the U.S., Taiwan and China. In the U.S., at its corporate headquarters and manufacturing facilities in Sugar Land, Texas, the Company primarily manufactures lasers and laser components and performs research and development activities for laser component and optical module products. In addition, the Company also has a research and development facility in Duluth, Georgia. The Company operates in Taipei, Taiwan and Ningbo, China through its wholly-owned subsidiary Prime World International Holdings, Ltd. ("Prime World", incorporated in the British Virgin Islands). Prime World operates a branch in Taipei, Taiwan, which primarily manufactures transceivers and performs research and development activities for the transceiver products. Prime World is also the parent of Global Technology, Inc. ("Global", incorporated in the People's Republic of China). Through Global, the Company primarily manufactures certain of its data center transceiver products, including subassemblies, as well as CATV systems and equipment, and performs research and development activities for the CATV products.

*Interim Financial Statements*

The unaudited condensed consolidated financial statements of the Company as of September 30, 2021 and December 31, 2020 and for the three and nine months ended September 30, 2021 and September 30, 2020, have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim information and with the instructions on Form 10-Q and Rule 10-01 of Regulation S-X pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). In accordance with those rules and regulations, the Company has omitted certain information and notes required by GAAP for annual consolidated financial statements. In the opinion of management, the condensed consolidated financial statements contain all adjustments, except as otherwise noted, necessary for the fair presentation of the Company's financial position and results of operations for the periods presented. The year-end condensed balance sheet data was derived from audited financial statements. These condensed consolidated financial statements should be read in conjunction with the Consolidated Financial Statements and Notes thereto included in the Company's Annual Report on Form 10-K ("Annual Report") for the fiscal year ended December 31, 2020. The results of operations for the three and nine months ended September 30, 2021 are not necessarily indicative of the results expected for the entire fiscal year. All significant inter-company accounts and transactions have been eliminated.

*Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported. Actual results could differ from those estimates in the consolidated financial statements and accompanying notes. Significant estimates and assumptions that impact these financial statements and the accompanying notes relate to, among other things, allowance for credit losses, inventory reserve, product warranty costs, share-based compensation expense, estimated useful lives of property and equipment, and taxes.

## **Note 2. Significant Accounting Policies**

There have been no changes in the Company's significant accounting policies for the three and nine months ended September 30, 2021, as compared to the significant accounting policies described in its 2020 Annual Report, except as described below.

### Recent Accounting Pronouncements

#### *Recent Accounting Pronouncements Yet to be Adopted*

In March 2020, the FASB issued ASU 2020-04, "Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting", which provides temporary optional expedients and exceptions to the GAAP guidance on contract modifications and hedge accounting to ease the financial reporting burdens related to the expected market transition from the London Interbank Offered Rate ("LIBOR") and other interbank offered rates to alternative reference rates. ASU 2020-04 was further amended in January 2021 by ASU 2021-01, which clarified the applicability of certain provisions. Both ASU 2020-04 and AUC 2021-01 are currently effective prospectively for all entities through December 31, 2022 when the reference rate replacement activity is expected to have completed. The guidance in ASU 2020-04 and AUC 2021-01 is optional and may be elected over time as reference rate reform activities occur. The Company continues to evaluate the impact of the guidance and may apply other selections as applicable as additional changes in the market occur. The Company does not expect the ASU to have a material impact on the consolidated financial statement on a prospective basis.

In August 2020, the FASB issued ASU 2020-06, "Debt - Debt with Conversion and Other Options (Subtopic 470-20)" and "Derivatives and Hedging - Contracts in Entities Own Equity" (Subtopic 815-40). This ASU simplifies accounting for convertible instruments by eliminating two of the three models in ASC 470-20 that requires separating embedded conversion features from convertible instruments. The guidance is effective for fiscal years beginning after December 15, 2021. The Company does not expect the ASU to have a material impact on the consolidated financial statement.

In November 2020, the SEC issued a new rule that modernizes and simplifies various aspects and financial disclosure requirements in Regulation S-K, specifically related to Item 301 "Selected Financial Data", Item 302 "Supplementary Financial Information" and Item 303 "Management's Discussion and Analysis of Financial Condition and Results of Operations" ("MD&A"). The intent of this new rule is to (i) eliminate duplicative disclosures, (ii) enhance and promote more principles-based MD&A disclosures with the objective of making them more meaningful for investors, all while (iii) simplifying the compliance requirements and efforts for registrants, by providing them with the flexibility to present management's perspective on the registrant's financial condition and results of operations. While most of the changes involve reducing or eliminating previously required information and disclosures, the rule does expand the disclosure requirements surrounding certain aspects of the various items in Regulation S-K discussed above. The final rule was published in the Federal Register on January 11, 2021, is effective thirty days after its publication date, or February 10, 2021, and registrants are required to comply with this final rule in the registrant's first fiscal year ending on or after the date that is 210 days after the publication date. The Company plans to comply with the new disclosure requirements on schedule and currently does not anticipate any material financial impact in complying with these new requirements.

## **Note 3. Revenue Recognition**

### *Disaggregation of Revenue*

#### Note 4. Leases

The Company leases space under non-cancellable operating leases for manufacturing facilities, research and development offices and certain storage facilities and apartments. These leases do not contain contingent rent provisions. The Company also leases certain machinery, office equipment and a vehicle. Many of its leases include both lease (e.g. fixed payments including rent, taxes, and insurance costs) and non-lease components (e.g. common-area or other maintenance costs) which are accounted for as a single lease component as the Company has elected the practical expedient to group lease and non-lease components for all leases. Several of the leases include one or more options to renew which have been assessed and either included or excluded from the calculation of the lease liability of the right of use ("ROU") asset based on management's intentions and individual fact patterns. Several warehouses and apartments have non-cancellable lease terms of less than one-year and therefore, the Company has elected the practical expedient to exclude these short-term leases from its ROU asset and lease liabilities.

As most of the Company's leases do not provide an implicit rate, the Company uses its incremental borrowing rate, which is the rate incurred to borrow on a collateralized basis over a similar term an amount equal to the lease payments in a similar economic environment. Based on the applicable lease terms and current economic environment, the Company applies a location approach for determining the incremental borrowing rate.

The components of lease expense were as follows for the periods indicated (in thousands):

	<b>Three months ended September 30,</b>		<b>Nine months ended September 30,</b>	
	<b>2021</b>	<b>2020</b>	<b>2021</b>	<b>2020</b>
Operating lease expense	\$ 311	\$ 299	\$ 922	\$ 890

Total lease payments	\$ 9,510	\$ 93
Less imputed interest	(1,055)	(7)
Present value	<u>\$ 8,455</u>	<u>\$ 86</u>

The weighted average remaining lease term and discount rate for operating leases were as follows for the periods indicated:

	<b>Nine months ended September 30,</b>	
	<b>2021</b>	<b>2020</b>
Weighted Average Remaining Lease Term (Years) - operating leases	7.38	8.41
Weighted Average Remaining Lease Term (Years) - financing leases	2.33	3.08
Weighted Average Discount Rate - operating leases	3.23%	3.23%
Weighted Average Discount Rate - financing leases	5.00%	5.00%

Supplemental cash flow information related to operating leases was as follows for the periods indicated (in thousands):

	<b>Nine months ended September 30,</b>	
	<b>2021</b>	<b>2020</b>
Cash paid for amounts included in the measurement of lease liabilities		
Operating cash flows from operating leases	980	983
Operating cash flows from financing lease	4	4
Financing cash flows from financing lease	13	13
Right-of-use assets obtained in exchange for new operating lease liabilities	121	699

#### Note 5. Cash, Cash Equivalents and Restricted Cash

The following table provides a reconciliation of cash, cash equivalents and restricted cash reported within the statement of financial position that sum to the total of the same such amounts in the statement of cash flows (in thousands):

	<b>September 30,</b>	<b>December 31,</b>
	<b>2021</b>	<b>2020</b>
Cash and cash equivalents	\$ 43,534	\$ 43,425
Restricted cash	5,363	6,689
Total cash, cash equivalents and restricted cash shown in the statement of cash flows	<u>\$ 48,897</u>	<u>\$ 50,114</u>

Restricted cash includes guarantee deposits for customs duties, China government subsidy fund, and compensating balances required for certain credit facilities. As of September 30, 2021 and December 31, 2020, there was \$2.3 million and \$4.9 million of restricted cash required for bank acceptance notes issued to vendors, respectively. In addition, there was \$2.0 million and \$0.5 million certificate of deposit associated with credit facilities with a bank in China as of September 30, 2021 and December 31, 2020, respectively. There was \$1.0 million guarantee deposits for customs duties as of September 30, 2021 and December 31, 2020.

**Note 6. Earnings (Loss) Per Share**

Basic net loss per share has been computed using the weighted-average number of shares of common stock outstanding during the period. Diluted net loss per share has been computed using the weighted-average number of shares of common stock and dilutive potential common shares from stock options, restricted stock units and senior convertible notes outstanding during the period. In periods with net losses, normally dilutive shares become anti-dilutive. Therefore, basic and diluted loss per share are the same.

The following table sets forth the computation of the basic and diluted net loss per share for the periods indicated (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2021	2020	2021	2020
<b>Numerator:</b>				
Net loss	\$ (15,797)	\$ (9,616)	\$ (39,622)	\$ (45,013)
<b>Denominator:</b>				
Weighted average shares used to compute net loss per share				
Basic	27,097	22,744	26,791	21,276
Diluted	27,097	22,744	26,791	21,276
<b>Net loss per share</b>				
Basic	\$ (0.58)	\$ (0.42)	\$ (1.48)	\$ (2.12)
Diluted	\$ (0.58)	\$ (0.42)	\$ (1.48)	\$ (2.12)

The following potentially dilutive securities were excluded from the diluted net loss per share as their effect would have been antidilutive (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2021	2020	2021	2020
Employee stock options	1	51	3	27
Restricted stock units	2	113	6	9
Shares for convertible senior notes	4,587	4,587	4,587	4,587
Total antidilutive shares	4,590	4,751	4,596	4,623

**Note 7. Inventories**

Inventories, net of inventory write-downs, consist of the following for the periods indicated (in thousands):

	September 30, 2021	December 31, 2020
Raw materials	\$ 31,157	\$ 25,555
Work in process and sub-assemblies	42,242	52,544
Finished goods	21,108	32,298
Total inventories	\$ 94,507	\$ 110,397

The lower of cost or market adjustment expensed for inventory for the three months ended September 30, 2021 and 2020 was \$1.1 million and \$0.4 million, respectively. The lower of cost or market adjustment expensed for inventory for the nine months ended September 30, 2021 and 2020 was each \$3.3 million.

For the three months ended September 30, 2021 and 2020, the direct inventory write-offs related to scrap, discontinued products, and damaged inventories were \$4.2 million and \$8.4 million, respectively. For the nine months ended September 30, 2021 and 2020, the direct inventory write-offs related to scrap, discontinued products, and damaged inventories were \$15.0 million and \$14.7 million, respectively.

**Note 8. Property, Plant & Equipment**

Property, plant and equipment consisted of the following for the periods indicated (in thousands):

	<b>September 30, 2021</b>	<b>December 31, 2020</b>
Land improvements	\$ 806	\$ 806
Building and improvements	89,061	88,280
Machinery and equipment	261,041	253,738
Furniture and fixtures	5,617	5,540
Computer equipment and software	12,612	11,912
Transportation equipment	709	699
	<u>369,846</u>	<u>360,975</u>
Less accumulated depreciation and amortization	(161,307)	(142,434)
	<u>208,539</u>	<u>218,541</u>

Land	1,101	1,101
Total property, plant and equipment, net	<u>\$ 242,452</u>	<u>\$ 252,984</u>

For the three months ended September 30, 2021 and 2020, the depreciation expense of property, plant and equipment was \$6.2 million and \$6.1 million, respectively. For the nine months ended September 30, 2021 and 2020, the depreciation expense of property, plant and equipment was \$18.7 million and \$17.9 million, respectively. For the three months ended September 30, 2021 and 2020, the capitalized interest was \$0.3 million and 0.1 million, respectively. For the nine months ended September 30, 2021 and 2020, the capitalized interest was \$0.6 million and \$0.3 million, respectively.

As of September 30, 2021, the Company concluded that its continued loss history constitutes a triggering event as described in ASC 360-10-35-21, *Property, Plant, and Equipment*. The Company performed a recoverability test and concluded that future undiscounted cash flows exceed the carrying amount of the Company's long-lived assets and therefore no impairment charge was recorded.

**Note 9. Intangible Assets, net**

Intangible assets consisted of the following for the periods indicated (in thousands):

	<b>September 30, 2021</b>		
	<b>Gross Amount</b>	<b>Accumulated amortization</b>	<b>Intangible assets, net</b>
Patents	\$ 8,494	\$ (4,626)	\$ 3,868
Trademarks	25	(16)	9
Total intangible assets	<u>\$ 8,519</u>	<u>\$ (4,642)</u>	<u>\$ 3,877</u>
	<b>December 31, 2020</b>		
	<b>Gross Amount</b>	<b>Accumulated amortization</b>	<b>Intangible assets, net</b>

Trademarks	21	(15)	6
Total intangible assets	<u>\$ 8,179</u>	<u>\$ (4,180)</u>	<u>\$ 3,999</u>

For the three months ended September 30, 2021 and 2020, amortization expense for intangible assets, included in general and administrative expenses on the income statement, was each \$0.1 million. For the nine months ended September 30, 2021 and 2020, amortization expense for intangible assets, included in general and administrative expenses on the income statement, was \$0.5 million and \$0.4 million, respectively. The remaining weighted average amortization period for intangible assets is approximately 7 years.

At September 30, 2021, future amortization expense for intangible assets is estimated to be (in thousands):

2022	\$ 584
2023	584
2024	584
2025	584
2026	584
thereafter	957

**Note 10. Fair Value of Financial Instruments**

The following table represents a summary of the Company's financial instruments measured at fair value on a recurring basis for the periods indicated (in thousands):

	As of September 30, 2021				As of December 31, 2020			
	(Level 1)	(Level 2)	(Level 3)	Total	(Level 1)	(Level 2)	(Level 3)	Total
<b>Assets:</b>								
Cash and cash equivalents	\$ 43,534	\$ —	\$ —	\$ 43,534	\$ 43,425	\$ —	\$ —	\$ 43,425
Restricted cash	5,363	—	—	5,363	6,689	—	—	6,689

<b>Total assets</b>	<b>\$ 48,897</b>	<b>\$ 8,505</b>	<b>\$ —</b>	<b>\$ 57,402</b>	<b>\$ 50,114</b>	<b>\$ 401</b>	<b>\$ —</b>	<b>\$ 50,515</b>
<b>Liabilities:</b>								
Bank acceptance payable	\$ —	\$ 6,481	\$ —	\$ 6,481	\$ —	\$ 15,860	\$ —	15,860
Convertible senior notes	—	67,701	—	67,701	—	70,225	—	70,225
<b>Total liabilities</b>	<b>\$ —</b>	<b>\$ 74,182</b>	<b>\$ —</b>	<b>\$ 74,182</b>	<b>\$ —</b>	<b>\$ 86,085</b>	<b>\$ —</b>	<b>\$ 86,085</b>

The carrying value amounts of accounts receivable, prepaid expenses and other current assets, accounts payable, accrued expenses and other current liabilities approximate fair value because of the short-term maturity of these instruments. The carrying value amounts of note receivable and bank acceptances approximate fair value due to the short-term nature of the debt since it renews frequently at current interest rates. The Company believes that the interest rates in effect at each period end represent the current market rates for similar borrowings.

The fair value of its convertible senior debt is measured for disclosure purpose. The fair value is based on observable market prices for this debt, which is traded in less active markets and are therefore classified as a Level 2 fair value measurement.

**Note 11. Notes Payable and Long-Term Debt**

Notes payable and long-term debt consisted of the following for the periods indicated (in thousands):

	September 30, 2021	December 31, 2020

The current portion of long-term debt is the amount payable within one year of the balance sheet date of September 30, 2021.

Maturities of long-term debt are as follows for the future one-year periods ending September 30, (in thousands):

2022	\$	41,254
2023		19,271
Total outstanding	\$	<u>60,525</u>

On September 28, 2017, the Company entered into a Loan Agreement (“Loan Agreement”), a Promissory Note, an Addendum to the Promissory Note, a Truist Bank Security Agreement, a Trademark Security Agreement, and a Patent Security Agreement (together the “Credit Facility”) with Truist Bank (which acquired Branch Banking and Trust Company or BB&T in connection with a merger in December 2019). The Company’s obligations under the Credit Facility are secured by the Company’s accounts receivable, inventory, intellectual property, and all business assets with the exception of real estate and equipment.

On September 30, 2019, the Company executed a Fourth Amendment to Loan Agreement (the “Fourth Amendment”) with Truist Bank. Under the terms of the Fourth Amendment (i) the maximum commitment under the line of credit was reduced from \$25,000,000 to \$20,000,000; (ii) the maturity date of the line of credit was extended to April 2, 2021; (iii) pricing of the unused line fee was adjusted to 0.30% per annum; and (iv) the Fourth Amendment established the requirement that if, at any time during any reporting period and pursuant to the most recent loan base report received by Truist Bank, the principal balance outstanding under the line of credit exceeds the lesser of the approved maximum amount of the line of credit commitment amount or the collateral loan value reduced by the reserves, the Company shall immediately prepay the line of credit to the extent necessary to eliminate such excess. Such reserves shall, at any time that the fixed charge coverage ratio for the loan is less than 1.5 to 1.0, tested for the period of twelve months ended on the applicable covenant measurement date, equal to an amount equal to seventy-five percent (75%) of the lesser of the line of credit commitment amount or collateral loan value reduced by the sum of (i) the principal balance outstanding under the line of credit, (ii) the letter of credit exposure reserve, and (iii) the availability reserve as determined by Truist Bank from the most recent loan base report and otherwise in the sole discretion of Truist Bank after consideration of collections.

On April 5, 2021, the Company executed a Fifth Amendment to the Loan Agreement (the “Fifth Amendment”) and a Fourth Amendment to a Security Agreement, a Note Modification Agreement, and an Addendum to a Promissory Note (together with the Fifth Amendment the “Amended Credit Facility”) with Truist Bank. The Amended Credit Facility renews the \$20 million line of credit with Truist Bank originally entered into on September 28, 2017. Under the terms of the Amended Credit Facility, the maturity date of the line of credit is extended from April 2, 2021 to October 15, 2022. Borrowings will bear interest at a rate equal to LIBOR plus 1.5%, with a LIBOR floor of 0.75%. As of September 30, 2021, the Company had \$19.3 million outstanding and was in compliance with all covenants under the Amended Credit Facility.

On April 17, 2020, the Company entered into a term note (“PPP Term Note”) with Truist Bank, with a principal amount of \$6.23 million pursuant to the Paycheck Protection Program (“PPP”) under the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”). The PPP loan is evidenced by a promissory note. The PPP Term Note bears interest at a fixed annual rate of 1.00%, with the first six months of interest deferred. Beginning in November 2020, the Company is required to make 18 equal monthly payments of principal and interest with the final payment due in April 2022. The PPP Term Note may be accelerated upon the occurrence of an event of default. The PPP Term Note is unsecured and guaranteed by the United States Small Business Administration (“SBA”). On June 14, 2021, the Company received notification from Truist Bank that the SBA approved the Company’s application for forgiveness of the entire principal amount of the PPP Term Note, plus all accrued interest. The forgiveness of the PPP Term Note has been recognized as other income during the second quarter ended June 30, 2021.

On September 15, 2020, Prime World entered into an Amendment to the Finance Lease Agreements dated November 29, 2018 and January 21, 2019 (the “Amendment”) with Chailease Finance Co., Ltd. (“Chailease”). The Amendment amends the Finance Lease Agreements, dated November 29, 2018 and January 21, 2019 (hereafter collectively referred to as the “Original Finance Agreements”). Pursuant to the Amendment, Prime World agrees to pay Chailease NT\$22,311,381, or approximately \$0.8 million for certain leased equipment listed in the Amendment (the “Leased Equipment”). This payment will include all outstanding lease payments, costs and expenses; simultaneously, Chailease agrees to transfer title of such Leased Equipment back to Prime World. Regarding all other equipment contemplated in the Original Finance Agreements but not listed in the Amendment, pursuant to the terms and conditions made under the Original Finance Agreements, Prime World is obligated to pay Chailease monthly lease payments which total NT\$159,027,448, or approximately \$5.5 million (the “Lease Payments”). The Lease Payments will begin on September 21, 2020 with the last Lease Payment due on January 21, 2022, title of all other equipment contemplated under the Original Finance Agreements but not listed in the Amendment will transfer to Prime World upon completion of the Lease Payments and expiration of the Original Finance Agreements. As of September 30, 2021, \$0.4 million was outstanding under the November 29, 2018 Finance Lease Agreement and \$0.7 million was outstanding under the January 21, 2019 Finance Lease Agreement.

On October 7, 2020, Prime World entered into a revolving credit facility totaling NT\$100 million, or approximately \$3.44 million (the “NT\$100M Credit Line”) and a \$1 million USD credit line (the “US\$1M Credit Line”) with Taishin International Bank in Taiwan (“Taishin”). Borrowing under the NT\$100M Credit Line will be used for short-term working capital; borrowing under the US\$1M Credit Line will be strictly used for spot transactions in the foreign exchange market. The NT\$100M Credit Line and the US\$1M Credit Line are collectively referred to as the “Taishin Credit Facility”. On January 14, 2021, the NT\$100M Credit Line with Taishin was extended for three (3) months until April 14, 2021. Prime World may draw upon the Taishin Credit Facility from October 7, 2020 through April 14, 2021. The term of each draw under the NT\$100M Credit Line shall be either 90 or 120 days and will bear interest at a rate of 2.15% for each draw; borrowings under the US\$1M Credit Line will bear interest equal to Taishin’s foreign exchange rate effective on the day of the applicable draw. At the end of the draw term Prime World will make payment for all principal and accrued interest. Prime World’s obligations under the Taishin Credit Facility will be secured by a promissory note between Prime World and Taishin. As of September 30, 2021, the Company has fully repaid the Taishin Credit Facility.

On April 19, 2019, the Company's China subsidiary, Global, entered into a twelve (12) month revolving line of credit agreement, totaling 60,000,000 RMB, or approximately \$8.9 million (the "China Merchants Credit Line"), with China Merchants Bank Co., Ltd., in Ningbo, China ("China Merchants"). The China Merchants Credit Line will be used by Global for general corporate purposes, including the issuance of bank acceptance notes to Global's vendors. On April 14, 2020, Global extended the revolving line of credit agreement with China Merchants by six (6) months. Global may draw upon the China Merchants Credit Line from April 19, 2019 until October 14, 2020 (the "Credit Period"). During the Credit Period, Global may request to draw upon the China Merchants Credit Line on an as-needed basis; however, the amount of available credit under the China Merchants Credit Line and the approval of each draw may be reduced or declined by China Merchants due to changes in Chinese government regulations and/or changes in Global's financial and operational condition at the time of each requested draw. Each draw will bear interest equal to China Merchants' commercial banking interest rate effective on the day of the applicable draw. Global's obligations under the China Merchants Credit Line are unsecured. The China Merchants Credit Line has been replaced by the Replacement China Merchants Credit Line on October 19, 2020.

On May 24, 2019, the Company's China subsidiary, Global, entered into a five-year revolving credit line agreement, totaling 180,000,000 RMB (the "SPD Credit Line"), or approximately \$25.4 million, and a mortgage security agreement (the "Security Agreement"), with Shanghai Pudong Development Bank Co., Ltd ("SPD"). Borrowing under the SPD Credit Line will be used for general corporate and capital investment purposes, including the issuance of bank acceptance notes to Global's vendors. The total SPD Credit Line of 180 million RMB is inclusive of all credit facilities previously entered into with SPD including: a 30 million RMB credit facility entered into on May 7, 2019; and a 9.9 million RMB credit facility entered into on April 30, 2019 and \$2 million credit facility entered into on May 8, 2019. Global may draw upon the SPD Credit Line on an as-needed basis at any time during the 5-year term; however, draws under the SPD Credit Line may become due and repayable to SPD at SPD's discretion due to changes in Chinese government regulations and/or changes in Global's financial and operational condition. Each draw will bear interest equal to SPD's commercial banking interest rate effective on the day of the applicable draw. Global's obligations under the SPD Credit Line will be secured by real property owned by Global and mortgaged to the Bank under the terms of the Security Agreement. As of September 30, 2021, \$17.9 million was outstanding under the SPD Credit Line and the outstanding balance of bank acceptance notes issued to vendors was \$3.9 million.

On June 21, 2019, the Company's China subsidiary, Global, entered into an 18 month credit facility totaling 100,000,000 RMB (the "¥100M Credit Facility"), or approximately \$14.1 million, with China Zheshang Bank Co., Ltd., in Ningbo City, China ("CZB"). Borrowing under the ¥100M Credit Facility will be used by Global for general corporate purposes. On January 6, 2021, the ¥100M Credit Facility with CZB was extended for three (3) years until January 5, 2024. Global may draw upon the ¥100M Credit Facility from June 21, 2019 until January 5, 2024 (the "¥100M Credit Period"). During the ¥100M Credit Period, Global may request to draw upon the ¥100M Credit Facility on an as-needed basis; however, draws under the ¥100M Credit Facility may become due and repayable to CZB at CZB's discretion due to changes in Chinese government regulations and/or changes in Global's financial and operational condition. Each draw will bear interest equal to CZB's commercial banking interest rate effective on the day of the applicable draw. Global's obligations under the ¥100M Credit Facility will be secured by real property owned by Global and mortgaged to CZB under the terms of the Real Estate Security Agreement. The agreements for the ¥100M Credit Facility and the Real Estate Security Agreement also contain rights and obligations, representations and warranties, and events of default applicable to the Company that are customary for agreements of this type. As of September 30, 2021, \$14.9 million was outstanding under the ¥100M Credit Facility and there was no outstanding balance of bank acceptance notes issued to vendors under this facility.

On June 21, 2019, the Company's China subsidiary, Global, entered into a three-year credit facility totaling 50,000,000 RMB (the "¥50M Credit Facility"), or approximately \$7.1 million, with CZB. Borrowing under the ¥50M Credit Facility will be used by Global for general corporate purposes. Global may draw upon the ¥50M Credit Facility from June 21, 2019 until June 20, 2022 (the "¥50M Credit Period"). During the ¥50M Credit Period, Global may request to draw upon the ¥50M Credit Facility on an as-needed basis; however, draws under the ¥50M Credit Facility may become due and repayable to CZB at CZB's discretion due to changes in Chinese government regulations and/or changes in Global's financial and operational condition. Each draw will bear interest equal to CZB's commercial banking interest rate effective on the day of the applicable draw. Global's obligations under the ¥50M Credit Facility will be secured by machinery and equipment owned by Global and mortgaged to CZB under the terms of the Machinery and Equipment Security Agreement. As of September 30, 2021, \$7.4 million was outstanding under the ¥50M Credit Facility.

On October 19, 2020, the Company's China subsidiary, Global entered into a new twelve (12) month revolving line of credit agreement, totaling 60,000,000 RMB, or approximately \$8.9 million (the "Replacement China Merchants Credit Line"), with China Merchants, to replace the original China Merchants Credit Line. The Replacement China Merchants Credit Line will be used by Global for general corporate purposes. Global may draw upon the Replacement China Merchants Credit Line during the period from October 16, 2020 until October 15, 2021. During such period, Global may request to draw upon the Replacement China Merchants Credit Line on an as-needed basis; however, the amount of available credit under the Replacement China Merchants Credit Line and the approval of each draw may be reduced or declined by China Merchants due to changes in Chinese government regulations and/or changes in Global's financial and operational condition at the time of each requested draw. Each draw will bear interest equal to the China Merchants' commercial banking interest rate effective on the day of the applicable draw. Global's obligations under the Replacement China Merchants Credit Line is unsecured. As of September 30, 2021, there was no outstanding amount under the Replacement China Merchants Credit Line and the outstanding balance of bank acceptance notes issued to vendors was \$2.6 million.

As of September 30, 2021 and December 31, 2020, the Company had \$4.9 million and \$28.7 million of unused borrowing capacity, respectively.

As of September 30, 2021 and December 31, 2020, there was \$4.3 million and \$5.4 million of restricted cash, investments or security deposits associated with the loan facilities, respectively.

**Note 12. Convertible Senior Notes**

On March 5, 2019, the Company issued \$80.5 million of 5% convertible senior notes due 2024 (the “Notes”). The Notes were issued pursuant to an indenture, dated as of March 5, 2019 (the “Indenture”), between the Company and Wells Fargo Bank, National Association, as trustee, paying agent, and conversion agent (the “Trustee”). The Notes bear interest at a rate of 5.00% per year, payable in cash semi-annually in arrears on March 15 and September 15 of each year, beginning on September 15, 2019. The Notes will mature on March 15, 2024, unless earlier repurchased, redeemed or converted in accordance with their terms.

The sale of the Notes generated net proceeds of \$76.4 million, after deducting the Initial Purchasers’ discounts and offering expenses payable by the Company. The Company used approximately \$37.8 million of the net proceeds from the offering to fully repay the CapEx Loan and Term Loan with Truist Bank and the remainder will be used for general corporate purposes.

The following table presents the carrying value of the Notes for the periods indicated (in thousands):

	September 30, 2021	December 31, 2020
Principal	\$ 80,500	\$ 80,500
Unamortized debt issuance costs	(2,028)	(2,646)
Net carrying amount	<u>\$ 78,472</u>	<u>\$ 77,854</u>

The Notes are convertible at the option of holders of the Notes at any time until the close of business on the scheduled trading day immediately preceding the maturity date. Upon conversion, holders of the Notes will receive shares of the Company’s common stock, together, if applicable, with cash in lieu of any fractional share, at the then-applicable conversion rate. The initial conversion rate is 56.9801 shares of the Company’s common stock per \$1,000 principal amount of Notes (representing an initial conversion price of approximately \$17.55 per share of common stock, which represents an initial conversion premium of approximately 30% above the closing price of \$13.50 per share of the Company’s common stock on February 28, 2019), subject to customary adjustments. If a make-whole fundamental change (as defined in the Indenture) occurs, and in connection with certain other conversions before March 15, 2022, the Company will in certain circumstances increase the conversion rate for a specified period of time.

Initially there are no guarantors of the Notes, but the Notes will be fully and unconditionally guaranteed, on a senior, unsecured basis by certain of the Company’s future domestic subsidiaries. The Notes are the Company’s senior, unsecured obligations and are equal in right of payment with existing and future senior, unsecured indebtedness, senior in right of payment to the Company’s existing and future indebtedness that is expressly subordinated to the Notes and effectively subordinated to the Company’s existing and future secured indebtedness, to the extent of the value of the collateral securing that indebtedness. The Note Guarantee (as defined in the Indenture) of each future guarantor, if any, will be such guarantor’s senior, unsecured obligations and are equal in right of payment with existing and future senior, unsecured indebtedness, senior in right of payment to such future guarantor’s existing and future indebtedness that is expressly subordinated to the Notes and effectively subordinated to such future guarantor’s existing and future secured indebtedness, to the extent of the value of the collateral securing that indebtedness.

Holders may require the Company to repurchase their Notes upon the occurrence of a fundamental change (as defined in the Indenture) at a cash purchase price equal to the principal amount thereof plus accrued and unpaid interest, if any.

The Company may not redeem the Notes prior to March 15, 2022. On or after March 15, 2022, the Company may redeem for cash all or part of the Notes if the last reported sale price per share of the Company’s common stock exceeds 130% of the conversion price on (i) each of at least 20 trading days, whether or not consecutive, during the 30 consecutive trading days ending on, and including, the trading day immediately before the date the Company sends the related redemption notice; and (ii) the trading day immediately before the date the Company sends such redemption notice. The redemption price is equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest to, but excluding, the redemption date. In addition, calling any Note for redemption will constitute a “make-whole fundamental change” with respect to that Note, in which case the conversion rate applicable to the conversion of that Note will be increased in certain circumstances if it is converted after it is called for redemption.

The Indenture contains covenants that limit the Company's ability and the ability of our subsidiaries to, among other things: (i) incur or guarantee additional indebtedness or issue disqualified stock; and (ii) create or incur liens.

Pursuant to the guidance in ASC 815-40, *Contracts in Entity's Own Equity*, the Company evaluated whether the conversion feature of the note needed to be bifurcated from the host instrument as a freestanding financial instrument. Under ASC 815-40, to qualify for equity classification (or non-bifurcation, if embedded) the instrument (or embedded feature) must be both (1) indexed to the issuer's own stock and (2) meet the requirements of the equity classification guidance. Based upon the Company's analysis, it was determined the conversion option is indexed to its own stock and also met all the criteria for equity classification contained in ASC 815-40-25-7 and 815-40-25-10. Accordingly, the conversion option is not required to be bifurcated from the host instrument as a freestanding financial instrument. Since the conversion feature meets the equity scope exception from derivative accounting, the Company then evaluated whether the conversion feature needed to be separately accounted for as an equity component under ASC 470-20, *Debt with Conversion and Other Options*. The Company determined that notes should be accounted for in their entirety as a liability.

The Company incurred approximately \$4.1 million in transaction costs in connection with the issuance of the Notes. These costs were recognized as a reduction of the carrying amount of the Notes utilizing the effective interest method and are being amortized over the term of the Notes.

The following table sets forth interest expense information related to the Notes (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2021	2020	2021	2020
Contractual interest expense	\$ 1,006	\$ 1,006	\$ 3,018	\$ 3,018

**Note 15. Share-Based Compensation***Equity Plans*

The Company's board of directors and stockholders approved the following equity plans:

- the 2006 Share Incentive Plan
- the 2013 Equity Incentive Plan ("2013 Plan")
- the 2021 Equity Incentive Plan ("2021 Plan")

The Company issued stock options, restricted stock awards ("RSAs") and restricted stock units ("RSUs") to employees, consultants and non-employee directors. Stock option awards generally vest over a four-year period and have a maximum term of ten years. Stock options under these plans have been granted with an exercise price equal to the fair market value on the date of the grant. Nonqualified and Incentive Stock Options, RSAs and RSUs may be granted from these plans. Prior to the Company's initial public offering in September 2013, the fair market value of the Company's stock had been historically determined by the board of directors and from time to time with the assistance of third-party valuation specialists.

*Stock Options*

Options have been granted to the Company's employees under the two incentive plans and generally become exercisable as to 25% of the shares on the first anniversary date following the date of grant and 12.5% on a semi-annual basis thereafter. All options expire ten years after the date of grant.

The following is a summary of option activity (in thousands, except per share data):

	Number of shares	Weighted Average Exercise Price	Weighted Average Share Price on Date of Exercise  (in thousands, except price data)	Weighted Average Fair Value	Weighted Average Remaining Contractual Life	Aggregate Intrinsic Value
Outstanding at January 1, 2021	276	\$ 10.29		\$ 5.41	2.67	\$ 54
Exercised	(2)	\$ 6.00		\$ 0.40		7
Forfeited	(4)	\$ 10.46		\$ 5.64		1
Outstanding, September 30, 2021	<u>270</u>	\$ 10.32		\$ 5.44	1.94	6

Vested and expected to vest	<u>270</u>	\$ 10.33			1.94	6

As of September 30, 2021, there was no unrecognized stock option expense.

### Restricted Stock Units/Awards

The following is a summary of RSU/RSA activity (in thousands, except per share data):

	Number of shares	Weighted Average Share Price on Date of Release (in thousands, except price data)	Weighted Average Fair Value	Aggregate Intrinsic Value
Outstanding at January 1, 2021	1,325		\$ 14.97	\$ 11,279
Granted	1,732		10.12	16,007
Released	(590)	\$ 8.59	15.87	5,069
Cancelled/Forfeited	(73)		13.05	527
Outstanding, September 30, 2021	<u>2,394</u>		11.30	17,189
Vested and expected to vest	<u>2,394</u>		11.30	17,189

As of September 30, 2021, there was \$24.5 million of unrecognized compensation expense related to these RSUs and RSAs. This expense is expected to be recognized over 2.65 years.

### Performance Based Incentive Plan

In June 2021, the Company approved to grant performance stock units (“PSUs”) to senior executives as a part of our long-term equity compensation program. The number of shares of common stock that will ultimately be issued to settle PSUs granted ranges from 0% to 200% of the number granted and is determined based on certain performance criteria over a *three*-year measurement period. The performance criteria for the PSUs are based on a combination of the performance of our stock price and the Total Shareholder Return (“TSR”) for the performance period compared with the TSR of certain peer companies or index for the performance period. PSUs granted vest 100% on the *third* anniversary of their grant, assuming achievement of the applicable performance criteria. We estimated the fair value of the PSUs using a Monte Carlo simulation model on the date of grant. Compensation expense is recognized ratably over the explicit service period.

### Share-Based Compensation

Employee share-based compensation expenses recognized for the periods indicated (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2021	2020	2021	2020
Share-based compensation - by expense type				
Cost of goods sold	\$ 222	\$ 230	\$ 689	\$ 712

Total share-based compensation expense	<u>\$ 3,129</u>	<u>\$ 3,265</u>	<u>\$ 8,922</u>	<u>\$ 9,804</u>

**Note 16. Income Taxes**

The Company's effective tax rate for the three months ended September 30, 2021 and 2020 was 0% and (30.69)%, respectively. For the three months ended September 30, 2021, the effective tax rate varied from the federal statutory rate of 21% primarily due to the change of the valuation allowance on federal, state, Taiwan, and China deferred tax assets ("DTA"). For the three months ended September 30, 2020, the effective tax rate varied from the federal statutory rate of 21% primarily due to the change of valuation allowance on the federal, state, and Taiwan deferred tax assets, and the recording of a valuation allowance on China deferred tax assets.

The Company's effective tax rate for the nine months ended September 30, 2021 and 2020 was 0% and (19.15%), respectively. For the nine months ended September 30, 2021, the effective tax rate varied from the federal statutory rate of 21% primarily due to the benefit of the nontaxable PPP loan forgiveness, offset by the change of the valuation allowance on federal, state, Taiwan and China deferred tax assets. For the nine months ended September 30, 2020, the effective tax rate varied from the federal statutory rate of 21% primarily due to the change of the valuation allowance on the federal, and state deferred tax assets, and the recording of a valuation allowance on Taiwan and China deferred tax assets.

The Company continually monitors and performs an assessment of the realizability of its DTAs, including an analysis of factors such as future taxable income, reversal of existing taxable temporary differences, and tax planning strategies. In assessing the need for a valuation allowance, the Company considered both positive and negative evidence related to the likelihood of realization of deferred tax assets using a "more likely than not" standard. In making such assessment, more weight was given to evidence that could be objectively verified, including recent cumulative losses. Based on the Company's review of this evidence, management determined that a full valuation allowance against all of the Company's net deferred tax assets at September 30, 2021 was appropriate.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Stability Act (the "CARES Act") was signed into law on March 27, 2020. The CARES Act, among other things, includes tax provisions relating to refundable payroll tax credits, deferment of employer social security payments, net operating loss utilization and carryback periods, modifications to the net interest deduction limitations and technical corrections to tax depreciation methods for qualified improvement property ("QIP"). On December 27, 2020, the Taxpayer Certainty and Disaster Tax Relief Act of 2020 was enacted as part of the Consolidated Appropriations Act, 2021, followed by the American Rescue Plan Act on March 1, 2021. These recent laws, among many other provisions, expand and extend the Paycheck Protection Program ("PPP"), refundable employee retention tax credits previously made available under the CARES Act and allow a full deduction for business meals for the 2021 and 2022 tax years. At this point we do not believe that these changes will have a material impact on our income tax provision for 2021. We will continue to evaluate the impact of new legislation on our financial position, results of operations, and cash flows.

**Note 17. Geographic Information**

The Company operates in one reportable segment. The Company's Chief Executive Officer, who is considered to be the chief operating decision maker, manages the Company's operations as a whole and reviews financial information presented on a consolidated basis, accompanied by information about product revenue, for purposes of evaluating financial performance and allocating resources.

The following tables set forth the Company's revenue and asset information by geographic region. Revenue is classified based on the location of where the product is manufactured. Long-lived assets in the tables below comprise only property, plant, equipment and intangible assets (in thousands):

### **Litigation**

#### *Overview*

From time to time, the Company may be subject to legal proceedings and litigation arising in the ordinary course of business, including, but not limited to, inquiries, investigations, audits and other regulatory proceedings, such as described below. The Company records a loss provision when it believes it is both probable that a liability has been incurred and the amount can be reasonably estimated. Unless otherwise disclosed, the Company is unable to estimate the possible loss or range of loss for the legal proceeding described below.

Except for the lawsuits described below, the Company believes that there are no claims or actions pending or threatened against it, the ultimate disposition of which would have a material adverse effect on it.

#### *Class Action and Shareholder Derivative Litigation*

On August 7, 2018, a derivative lawsuit was filed in the United States District Court for the Southern District of Texas styled *Lei Jin, derivatively on behalf of Applied Optoelectronics, Inc. v. Chih-Hsiang (“Thompson”) Lin, Stefan J. Murry, William H. Yeh, Alex Ignatiev, Richard B. Black, Min-Chu Chen, Alan Moore, and Che-Wei Lin and Applied Optoelectronics, Inc.*, No. 4:18-cv-02713 alleging breaches of fiduciary duties, unjust enrichment, and violations of Section 14(a) of the Exchange Act based on similar factual allegations as in the securities class action captioned *Mona Abouzied v. Applied Optoelectronics, Inc., Chih-Hsiang (Thompson) Lin, and Stefan J. Murry, et al.*, Case No. 4:17-cv-02399, which had been previously filed against the Company and was dismissed following a settlement in 2020. On December 18, 2018, a second derivative complaint was filed styled *Yiu Kwong Ng v. Chih-Hsiang (“Thompson”) Lin, Stefan J. Murry, William H. Yeh, Alex Ignatiev, Richard B. Black, Min-Chu Chen, Alan Moore, and Che-Wei Lin and Applied Optoelectronics, Inc.*, No. 4:18-cv-4751 alleging the same causes of actions as the *Jin* complaint and additional factual allegations regarding our announcement on September 28, 2018 that we had “identified an issue with a small percentage of 25G lasers within a specific customer environment.” On January 11, 2019, the Court consolidated these two derivative actions, and on January 15, 2019, the Court entered an order staying the actions pending the resolution of the securities class actions. On June 24, 2020, the plaintiffs filed a notice that the stay of proceedings had been terminated, and on July 2, 2020, the parties filed a Joint Stipulation and Proposed Scheduling Order. The Court entered the stipulated scheduling order on the same date, under which Defendants were required to file and serve their response or responsive pleading to the complaint by August 3, 2020. By agreement of the parties, the Court subsequently extended the deadline for Defendants to file and serve their response or responsive pleading to December 2, 2020. On December 2, 2020, Defendants filed their motion to dismiss the consolidated derivative complaint. On December 7, 2020, Plaintiffs filed a notice alerting the Court that they were intending to file an amended complaint, which was subsequently filed by Plaintiffs on January 13, 2021. Defendants filed a motion to dismiss all claims on March 1, 2021. On June 25, 2021, the parties filed a stipulation indicating that they had reached a settlement-in-principle of the action. On June 28, 2021, the Court stayed all deadlines in the action for 30 days to allow the parties to finalize the settlement. The deadline was extended to late August. On August 30, 2021, the Plaintiffs filed an unopposed Motion for Preliminary Approval of the Settlement agreed to by the parties. This motion was granted on August 31, 2021 and the Court set the Settlement Hearing date for November 4, 2021. The Company has complied with all requirements of the Settlement Agreement and the Settlement Hearing is on schedule to take place on November 4, 2021. The Company has agreed to implement various corporate governance reforms as specified in the Settlement Agreement in addition to having its D&O insurance carrier make a payment to the Plaintiffs in exchange for a full dismissal of all claims and customary releases.

## **Note 19. Subsequent Events**

The Company repaid its revolving bank line of credit with Truist Bank in the amount of \$19.3 million in October 2021.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

*You should read the following discussion and analysis of our financial condition and results of operations in conjunction with our consolidated financial statements and the accompanying notes appearing elsewhere in this Quarterly Report on Form 10-Q for the period ended September 30, 2021 and the audited consolidated financial statements and notes thereto and management's discussion and analysis of financial condition and results of operations for the fiscal year ended December 31, 2020 included in our Annual Report. ### Overview

We are a leading, vertically integrated provider of fiber-optic networking products. We target four networking end-markets: internet data centers, CATV, telecom and FTTH. We design and manufacture a range of optical communications products at varying levels of integration, from components, subassemblies and modules to complete turn-key equipment. In designing products for our customers, we typically begin with the fundamental building blocks of lasers and laser components. From these foundational products, we design and manufacture a wide range of products to meet our customers' needs and specifications, and such products differ from each other by their end market, intended use and level of integration. We are primarily focused on the higher-performance segments within the internet data center, CATV, telecom and FTTH markets which increasingly demand faster connectivity and innovation. Our vertically integrated manufacturing model provides us several advantages, including rapid product development, fast response times to customer requests and control over product quality and manufacturing costs.

The four end markets we target are all driven by significant bandwidth demand fueled by the growth of network-connected devices, video traffic, cloud computing and online social networking. Within the internet data center market, we benefit from the increasing use of higher-capacity optical networking technology as a replacement for copper cables, particularly as speeds reach 100 Gbps and above, as well as the movement to open internet data center architectures and the increasing use of in-house equipment design among leading internet companies. Within the CATV market, we benefit from a number of ongoing trends including the build-out of CATV infrastructure in the US and other countries, the move to higher bandwidth networks among CATV service providers and the outsourcing of system design among CATV networking equipment companies. In the FTTH market, we benefit from continuing PON deployments and system upgrades among telecom service providers. In the telecom market, we benefit from deployment of new high-speed fiber-optic networks by telecom network operators, including 5G networks.

Our vertically integrated manufacturing model provides us several advantages, including rapid product development, fast response times to customer requests and greater control over product quality and manufacturing costs. We design, manufacture and integrate our own analog and digital lasers using a proprietary Molecular Beam Epitaxy, or MBE, and Metal Organic Chemical Vapor Deposition (MOCVD) fabrication process, which we believe is unique in our industry. We manufacture the majority of the laser chips and optical components that are used in our products. The lasers we manufacture are tested extensively to enable reliable operation over time and our devices are often highly tolerant of changes in temperature and humidity, making them well-suited to the CATV, FTTH and 5G telecom markets where networking equipment is often installed outdoors.

We have three manufacturing sites: Sugar Land, Texas, Ningbo, China and Taipei, Taiwan. Our research and development functions are generally partnered with our manufacturing locations, and we have an additional research and development facility in Duluth, Georgia. In our Sugar Land facility, we manufacture laser chips (utilizing our MBE and MOCVD processes), subassemblies and components. The subassemblies are used in the manufacture of components by our other manufacturing facilities or sold to third parties as modules. We manufacture our laser chips only within our Sugar Land facility, where our laser design team is located. In our Taiwan location, we manufacture optical components, such as our butterfly lasers, which incorporate laser chips, subassemblies and components manufactured within our Sugar Land facility. Additionally, in our Taiwan location, we manufacture transceivers for the internet data center, telecom, FTTH and other markets. In our China facility, we take advantage of lower labor costs and manufacture certain more labor intensive components and optical equipment systems, such as optical subassemblies and transceivers for the internet data center market, CATV transmitters (at the headend) and CATV outdoor equipment (at the node). Each manufacturing facility conducts testing on the components, modules or subsystems it manufactures and each facility is certified to ISO 9001:2015. Our facilities in Ningbo, China, Taipei, Taiwan, and Sugar Land, Texas are all certified to ISO 14001:2015.

Our business depends on winning competitive bid selection processes to develop components, systems and equipment for use in our customers' products. These selection processes are typically lengthy, and as a result our sales cycles will vary based on the level of customization required, market served, whether the design win is with an existing or new customer and whether our solution being designed in our customers' product is our first generation or subsequent generation product. We do not have any long-term purchase commitments (in excess of one year) with any of our customers, most of whom purchase our products on a purchase order basis. However, once one of our solutions is incorporated into a customer's design, we believe that our solution is likely to continue to be purchased for that design throughout that product's life cycle because of the time and expense associated with redesigning the product or substituting an alternative solution.

Our principal executive offices are located at 13139 Jess Pirtle Blvd., Sugar Land, TX 77478, and our telephone number is (281) 295-1800.

#### **COVID-19 Pandemic**

We are subject to risks and uncertainties as a result of the COVID-19 pandemic. The extent of the impact of the COVID-19 pandemic on our business is highly uncertain and difficult to predict as coronavirus continues to spread around the world. In March 2020, we instituted travel restrictions and implemented sanitation and disinfection procedures to safeguard the health and safety of our employees which continue today. Recently, we began allowing certain employee travel, but continue strict sanitation procedures in our facilities. With increased vaccinations and the potential significant reduction of infections, we have implemented procedures for a safe return to the office environment for all of our employees.

The spread of COVID-19 has impacted our supply chain operations through restrictions, reduced capacity and shutdown of business activities by suppliers whom we rely on for sourcing components and materials and third-party partners whom we rely on for manufacturing, warehousing and logistics services. In the quarter ended September 30, 2021, we estimate the revenue loss associated with these supply chain disruptions was approximately \$3 million. We anticipate continued supply chain disruption through the remainder of 2021. Currently, the suppliers who are responsible for most of our supply-chain constraints have begun the process of returning to normal operations and have expressed optimism that their deliveries in 2022 will return to normal. However, this is uncertain and we also cannot predict if other suppliers could encounter similar difficulties. In order to minimize the impact of these and any similar disruptions, we have added additional suppliers for many key components, where it is practical to do so. We believe that these additional suppliers will be able to augment our supply of needed components, although in some cases these new suppliers' materials are more expensive than the pre-existing suppliers so a switch to these alternate suppliers could have a negative impact on gross margins and profitability.

Although demand for many of our products has been strong in the short-term as subscribers seek more bandwidth, customers' purchasing decisions over the long-term may be impacted by the pandemic and its impact on the economy, which could in turn impact our revenue and results of operations. The extent to which the COVID-19 pandemic may materially impact our financial condition, liquidity or results of operations is therefore uncertain.

## Comparison of Financial Results

### Revenue

We generate revenue through the sale of our products to equipment providers and network operators for the internet data center, CATV, telecom and FTTH markets. We derive a significant portion of our revenue from our top ten customers, and we anticipate that we will continue to do so for the foreseeable future. The following charts provide the revenue contribution from each of the markets we served for the three and nine months ended September 30, 2021 and 2020 (in thousands, except percentages):

	Three months ended September 30,				Change	
	2021	% of Revenue	2020	% of Revenue	Amount	%

The decrease in revenue during the three and nine months ended September 30, 2021 was driven primarily by decreased demand for the datacenter products; this slowdown was related to inventory normalization following the surge in demand that was driven by the shift to working from home early last year. We believe datacenter demand will improve in 2022. The decreased demand for datacenter products was offset by increased demand for CATV products from several existing customers. The increase in demand from CATV multiple-system operators ("MSOs") resulted in strong demand for our CATV products, especially those products that are related to architecture improvements to enable delivery of additional bandwidth to consumers. This increase in bandwidth demand is particularly acute in the upstream direction, and sales of products associated with increased return-path bandwidth were notably strong in the quarter. Based on forecasts and current order bookings, we believe that this CATV demand will likely continue through 2021 and 2022.

For the three months ended September 30, 2021 and 2020, our top ten customers represented 86.0% and 84.9% of our revenue, respectively. For the nine months ended September 30, 2021 and 2020, our top ten customers represented 86.5% and 84.9% of our revenue, respectively. We believe that diversifying our customer base is critical for our future success, since reliance on a small number of key customers makes our ability to forecast future results dependent upon the accuracy of the forecasts we receive from those key customers. The growth in revenue from our top ten customers in the six months ended June 30, 2021 is primarily due to growth in sales of our CATV products. We continue to prioritize new customer acquisition and growth of diverse revenue streams.

#### Cost of goods sold and gross margin

Cost of goods sold	\$ 127,537	81.2%	\$ 143,034	78.5%	\$ (15,497)	(10.8)%
Gross margin	29,620	18.8%	39,264	21.5%		

Cost of goods sold decreased by \$12.3 million, or 21.4%, for the three months ended September 30, 2021 as compared to the three months ended September 30, 2020, primarily due to a 30.5% decrease in sales during the period. Cost of goods sold decreased by \$15.5 million, or 10.8%, for the nine months ended September 30, 2021 as compared to nine months ended September 30, 2020, primarily due to 13.8% decrease in sales during the period.

Gross margin decreased for the three and nine months ended September 30, 2021 as compared to the three and nine months ended September 30, 2020 primarily as a result of changes in the mix of our datacenter and CATV products. In particular, we saw an increase in sales of certain CATV products relative to sales of transceivers. In addition, we experienced higher costs of certain raw materials and global supply chain disruptions due to COVID-19 closures of ports and factories in Asia (see the section above on the COVID 19 pandemic for more details of these challenges).

Total operating expenses	\$ 72,761	46.3%	\$ 74,945	41.1%	\$ (2,184)	(2.9)%

#### Research and development expense

Research and development expense decreased by \$1.1 million, or 9.4% for the three months ended September 30, 2021 as compared to the three months ended September 30, 2020. Research and development expense decreased by \$0.6 million, or 1.8% for the nine months ended September 30, 2021 as compared to the nine months ended September 30, 2020. Research and development costs consist of R&D work orders, R&D material usage and other project related costs related to 100 Gbps, 200/400 Gbps data center products, DOCSIS 3.1 capable CATV products and other new product development, and depreciation expense resulting from R&D equipment investments. These decreases were primarily due to decrease in personnel-related costs, and share-based compensation expense.

#### Sales and marketing expense

Sales and marketing expense decreased by \$1.7 million, or 38.0% for the three months ended September 30, 2021 as compared to the three months ended September 30, 2020. Selling and marketing expense decreased by 2.3 million, or 21.0% for the nine months ended September 30, 2021 as compared to the nine months ended September 30, 2020. These decreases were primarily due to decrease in shipping and handling charges and tradeshow expense.

#### General and administrative expense

General and administrative expense increased by \$0.4 million, or 3.6% for the three months ended September 30, 2021 compared to the three months ended September 30, 2020. General and administrative expense increased by \$0.7 million, or 2.1% for the nine months ended September 30, 2021 compared to the nine months ended September 30, 2020. These increases were primarily due to an increase in depreciation expense and expenses related to winter storm Uri. These increases were partially offset by a decrease in personnel-related costs and professional service fees.

Interest income decreased slightly for the three months ended September 30, 2021 compared to the three months ended September 30, 2020. Interest income decreased by \$0.2 million, or 77.7% for the nine months ended September 30, 2021 compared to the three months ended September 30, 2020. The changes are similar to expected rates of fluctuation with the interest rates and cash balances.

Interest expense decreased slightly for the three months ended September 30, 2021 compared to the three months ended September 30, 2020. Interest expense decreased by \$0.3 million, or 6.0% for the nine months ended September 30, 2021 compared to the three months ended September 30, 2020. This decrease was due to lower average debt balances during the period.

Other income (expense), net increased slightly for the three months ended September 30, 2021 as compared to the three months ended September 30, 2020. Other income (expense), net increased by \$5.5 million, or 263.9% for the nine months ended September 30, 2021 as compared to the nine months ended September 30, 2020. The increase was primarily due to forgiveness by the SBA of the Company's PPP Loan forgiveness application for the entire PPP Loan balance of \$6.23 million.

The Company's effective tax rate for the three months ended September 30, 2021 and 2020 was 0% and (30.69)%, respectively. For the three months ended September 30, 2021, the effective tax rate varied from the federal statutory rate of 21% primarily due to the change of the valuation allowance on federal, state, Taiwan, and China deferred tax assets ("DTA"). For the three months ended September 30, 2020, the effective tax rate varied from the federal statutory rate of 21% primarily due to the change of valuation allowance on the federal, state, and Taiwan deferred tax assets, and the recording of a valuation allowance on China deferred tax assets.

The Company's effective tax rate for the nine months ended September 30, 2021 and 2020 was 0% and (19.15)%, respectively. For the nine months ended September 30, 2021, the effective tax rate varied from the federal statutory rate of 21% primarily due to the benefit of the nontaxable PPP loan forgiveness, offset by the change of the valuation allowance on federal, state, Taiwan and China deferred tax assets. For the nine months ended September 30, 2020, the effective tax rate varied from the federal statutory rate of 21% primarily due to the change of the valuation allowance on the federal, and state deferred tax assets, and the recording of a valuation on Taiwan and China deferred tax assets.

**Liquidity and Capital Resources**

As of September 30, 2021, we had \$4.9 million of unused borrowing capacity from all of our loan agreements. As of September 30, 2021, our cash, cash equivalents and restricted cash totaled \$48.9 million. Cash and cash equivalents are held for working capital purposes and are invested primarily in money market or time deposit funds. We do not enter into investments for trading or speculative purposes.

On October 24, 2019, we filed a Registration Statement on Form S-3 with the Securities and Exchange Commission, which was declared effective on January 9, 2020, providing for the public offer and sale of certain securities of the Company from time to time, at our discretion, up to an aggregate amount of \$250 million.

On February 28, 2020, we entered into an Equity Distribution Agreement with Raymond James & Associates, Inc. (the “Sales Agent”) pursuant to which the Company may issue and sell shares of the Company’s common stock having an aggregate offering price of up to \$55 million (the “Initial ATM Offering”), from time to time through the Sales Agent. In January 2021, the Company completed its Initial ATM Offering and sold 5.9 million shares at a weighted average price of \$9.12 per share, providing proceeds of \$53.9 million, net of expenses and underwriting discounts and commissions.

On February 26, 2021, we entered into another Equity Distribution Agreement (the “Agreement”) with the Sales Agent pursuant to which the Company may issue and sell shares of the Company’s common stock, par value \$0.001 per share (the “Shares”) having an aggregate offering price of up to \$35 million (the “Second ATM Offering”), respectively, from time to time through the Sales Agent. Upon delivery of a placement notice and subject to the terms and conditions of the Agreement, sales, if any, of the Shares will be made through the Sales Agent in transactions that are deemed to be “at the market” offerings as defined in Rule 415 of the Securities Act of 1933, as amended (the “Securities Act”), including sales made through the facilities of the Nasdaq Global Market, the principal trading market for the Company’s common stock, on any other existing trading market for the Company’s common stock, to or through a market maker or as otherwise agreed by the Company and the Sales Agent. In the placement notice, the Company will designate the maximum number of Shares to be sold through the Sales Agent, the time period during which sales are requested to be made, the minimum price for the Shares to be sold, and any limitation on the number of Shares that may be sold in any one day. Subject to the terms and conditions of the Agreement, the Sales Agent will use its commercially reasonable efforts to sell Shares on the Company’s behalf up to the designated amount specified in the placement notice. The Company has no obligation to sell any Shares under the Agreement and may at any time suspend offers and sales of the Shares under the Agreement.

The Agreement provides that the Sales Agent will be entitled to compensation of up to 2% of the gross sales price of the Shares sold through the Sales Agent from time to time. The Company has also agreed to reimburse the Sales Agent for certain specified expenses in connection with the registration of Shares under state blue sky laws and any filing with, and clearance of the offering by, the Financial Industry Regulatory Authority Inc., not to exceed \$10,000 in the aggregate, and any associated application fees incurred. Additionally, if the Agreement is terminated under certain circumstances, and the Company fails to sell a minimum amount of the Shares as set forth in the Agreement, then the Company has agreed to reimburse the Sales Agent for reasonable out-of-pocket expenses, including the reasonable fees and disbursements of counsel incurred by the Sales Agent, up to a maximum of \$30,000 in the aggregate. The Company agreed to indemnify the Sales Agent against certain liabilities, including liabilities under the Securities Act, or to contribute to payments that the Sales Agent may be required to make because of any of those liabilities.

In March 2021, we commenced sales of common stock through the Second ATM Offering. The details of the shares of common stock sold through the Second ATM Offering through September 30, 2021 are as follows (in thousands, except shares and weighted average per share price):

<b>Distribution Agent</b>	<b>Month</b>	<b>Weighted Average Per Share Price</b>	<b>Number of Shares Sold</b>	<b>Net Proceeds</b>	<b>Compensation to Distribution Agent</b>
Raymond James & Associates, Inc.	March 2021	\$ 9.0622	65,748	\$ 584	\$ 12
Raymond James & Associates, Inc.	June 2021	\$ 9.1115	34,686	\$ 310	\$ 6
Raymond James & Associates, Inc.	July 2021	\$ 9.1061	6,740	\$ 60	\$ 1

As of September 30, 2021, the total gross sales were \$1.0 million and thus remaining amount of common stock we have available to sell under the ATM Offering is \$34.0 million.

On March 5, 2019, the Company issued \$80.5 million of 5% convertible senior notes due 2024, bearing interest at a rate of 5% per year maturing on March 15, 2024, unless earlier repurchased, redeemed or converted in accordance with their terms. The sale of the Notes generated net proceeds of \$76.4 million, after expenses. Also refer to Note 12 “Convertible Senior Notes” to the consolidated financial statements for further discussion of the Notes.

The table below sets forth selected cash flow data for the periods presented (in thousands):

	<b>Nine months ended September 30,</b>	
	<b>2021</b>	<b>2020</b>
Net cash used in operating activities	\$ (11,383)	\$ (29,905)

Net decrease in cash and cash equivalents	\$ (1,217)	\$ (8,960)

*Operating activities*

For the nine months ended September 30, 2021, net cash used in operating activities was \$11.4 million. Net cash used in operating activities consisted of our net loss of \$39.6 million after exclusion of non-cash items of \$33.0 million. Cash decreased due to an increase in accounts receivable and note receivables from our customers of \$0.9 million and \$8.1 million, respectively, a decrease in accrued liabilities of \$2.4 million, a decrease in accounts payable to our vendors of \$1.1 million, offset by a decrease in inventory of \$13.6 million.

For the nine months ended September 30, 2020, net cash used in operating activities was \$29.9 million. Net cash used in operating activities consisted of our net loss of \$45.0 million after exclusion of non-cash items of \$39.2 million, cash decreased due to an increase in inventory of \$27.3 million and accounts receivable from our customers of \$16.8 million, offset by an increase in accounts payable to our vendors of \$23.3 million.

*Investing activities*

For the nine months ended September 30, 2021, net cash used in investing activities was \$7.9 million, mainly from the purchase of additional plant, machinery and equipment.

For the nine months ended September 30, 2020, net cash used in investing activities was \$15.1 million, mainly from the purchase of additional plant, machinery and equipment.

*Financing activities*

For the nine months ended September 30, 2021, our financing activities provided \$19.0 million in cash. This increase in cash was due to \$15.4 million of net proceeds from our At The Market (ATM) Offerings, \$17.0 million proceeds from line of credit, offset by repayment of loan and bank acceptance of \$3.3 million and \$9.4 million, respectively.

For the nine months ended September 30, 2020, our financing activities provided \$37.0 million in cash. This increase in cash was due to \$22.6 million of net proceeds from our At The Market (ATM) Offering, \$6.2 million proceeds from PPP term loan, \$6.3 million net proceeds from lines of credit and \$6.7 million net proceeds from acceptances payable.

*Loans and commitments*

We have lending arrangements with several financial institutions. In the US, we have a revolving line of credit with Truist Bank. The line of credit contains financial covenants that may limit the amount and types of debt that we may incur. As of September 30, 2021, we were in compliance with these covenants.

In Taiwan, we have equipment finance agreements with Chailease Finance Co., Ltd. for Prime World's Taiwan Branch. In China, we have revolving lines of credit with China Merchants Bank Co., Ltd. and Shanghai Pudong Development Bank Co., Ltd. and credit facilities with China Zheshang Bank Co., Ltd. for our China Subsidiary, Global.

As of September 30, 2021, we had \$4.9 million of unused borrowing capacity.

On March 5, 2019, we issued \$80.5 million of 5% convertible senior notes due 2024. The Notes will mature on March 15, 2024, unless earlier repurchased, redeemed or converted in accordance with their terms.

See Note 11 "Notes Payable and Long-term Debt" and Note 12 "Convertible Senior Notes" of our Condensed Consolidated Financial Statements for a description of our notes payable and long-term debt and convertible senior notes.

### China factory construction

On February 8, 2018, we entered into a construction contract with Zhejiang Xinyu Construction Group Co., Ltd. for the construction of a new factory and other facilities at our Ningbo, China location. Construction costs for these facilities under this contract are estimated to total approximately \$27.5 million. As of September 30, 2021, construction of the building is complete, and approximately \$27.4 million of this total cost has been paid and the remaining portion will be paid in yearly installments for three years after final inspection. We anticipate additional expenses for building improvements to the factory and we are in the process of evaluating the timing of these expenditures and obtaining bids for any such work. Based on forecasts, we believe factory will be placed in service in first half of 2022, property will be transferred from construction in progress to building and improvement at that time.

### Future liquidity needs

We believe that our existing cash and cash equivalents, cash flows from our operating activities, and available credit will be sufficient to meet our anticipated cash needs for the next 12 months. Our future capital requirements will depend on many factors including our growth rate, the timing and extent of spending to support our research and development efforts, the expansion of our sales and marketing activities, the introduction of new and enhanced products, the building improvement of a new factory and other facilities at our Ningbo, China location, changes in our manufacturing capacity and the continuing market acceptance of our products. In the event we need additional liquidity, we will explore additional sources of liquidity. These additional sources of liquidity could include one, or a combination, of the following: (i) issuing equity or debt securities, (ii) incurring indebtedness secured by our assets and (iii) selling product lines, other assets and/or portions of our business. There can be no guarantee that we will be able to raise additional funds on terms acceptable to us, or at all.

### Contractual Obligations and Commitments

The following summarizes our contractual obligations as of September 30, 2021 (in thousands):

	Payments due by period				
	Total	Less than 1 Year	1-3 Years	3-5 Years	More than 5 Years
Notes payable and long-term debt(1)	\$ 60,525	\$ 41,254	\$ 19,271	\$ —	\$ —
Convertible senior notes(2)	90,261	4,025	86,236	—	—
Operating leases(3)	9,510	1,300	2,560	2,453	3,197
Financing leases(3)	93	22	71	—	—
<b>Total commitments</b>	<b>\$ 160,389</b>	<b>\$ 46,601</b>	<b>\$ 108,138</b>	<b>\$ 2,453</b>	<b>\$ 3,197</b>

- (1) We have several loan and security agreements in China, Taiwan and the U.S. that provide various credit facilities, including lines of credit, bank acceptance payable and term loans. The amount presented in the table represents the principal portion and estimated interest expense for the obligations.
- (2) We issued convertible senior notes due 2024. The amount present in the table represents the principal portion and estimated interest expense for the obligations.
- (3) We have entered into various non-cancellable lease agreements for our offices in Taiwan and in the U.S.

### Inflation

We believe that the relatively low rate of inflation in the U.S. over the past few years has not had a significant impact on our net sales and revenues or on income from continuing operations or on the prices of raw materials. However, recently we have begun to see increases in shipping costs and in costs of some raw materials. We currently believe these increases are related to the COVID-19 pandemic ( please refer to our discussion on COVID-19 in the MD&A section of this document), however we cannot be sure when or if prices will return to pre-pandemic levels. In addition, to the extent we expand our operations in China and Taiwan, such actions may result in inflation having a more significant impact on our operating results in the future.

### Off-Balance Sheet Arrangements

For the nine months ended September 30, 2021, we did not, and do not currently, have any off-balance sheet arrangements.

### Critical Accounting Policies and Estimates

In our Annual Report for the year ended December 31, 2020 and in the Notes to the Financial Statements herein, we identify our most critical accounting policies. In preparing the financial statements, we make assumptions, estimates and judgments that affect the amounts reported. We periodically evaluate our estimates and judgments that are most critical in nature which are related to revenue recognition, allowance for credit losses, inventory reserves, impairment of long-lived assets (excluding goodwill and other indefinite-lived intangible assets), goodwill and other indefinite-lived intangible assets, purchase price allocation of acquisitions, service and product warranties, and income taxes. Our estimates are based on historical experience and on our future expectations that we believe are reasonable. The combination of these factors forms the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results are likely to differ from our current estimates and those differences may be material.

### **Item 3. Quantitative and Qualitative Disclosures about Market Risk**

For quantitative and qualitative disclosures about market risk affecting the Company, see Item 7A – Quantitative and Qualitative Disclosures about Market Risk in our Annual Report for the fiscal year ended December 31, 2020. We do not believe the Company’s exposure to market risk has changed materially since December 31, 2020.

### **Item 4. Controls and Procedures**

The term “disclosure controls and procedures,” as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company’s management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. Our disclosure controls and procedures are designed to provide reasonable assurance of achieving their control objectives.

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of September 30, 2021. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective.

#### ***Changes in Internal Control over Financial Reporting***

There were no changes in our internal control over financial reporting during the three month period covered by this Quarterly Report on Form 10-Q, which were identified in connection with management’s evaluation required by the Rules 13a-15(d) and 15d-15(d) under the Exchange Act that occurred during our last fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
